

Final Flutter Project Submission Instructions

Jyothi Engineering College

Instructions for Submitting Your Final Flutter Project

1. Screen Recording

- **Record all aspects of your project:** Ensure that you screen record the entire project, covering all features and functionalities.
- **Include error handling:** If your project includes error handling, demonstrate these cases in your screen recording.

2. Uploading the Video

- **Personal Google Drive:** Upload the screen recording to your personal Google Drive.
- **Sharing the URL:** Share the URL of the uploaded video.
- **View Access:** Ensure you have granted view access to external persons.

3. Submitting the URL

- **Paadshala (LMS platform of ICT):** Submit the shared URL on Paatshala.
- **Individual Participation:** Each student must submit their project individually.

4. Uploading the Project Report

- **PDF Format:** Prepare a PDF of your project report.
- **Uploading to Paadshala:** Upload the PDF of your project report along with the URL of the screen recording.
